

Dear Householder,

Important changes to your Recycling Collection Service

We have listened to residents' requests to introduce wheeled bins for recycling and are pleased to announce these bins will start to be delivered across the Borough during May/June/July. This is a huge investment for the Council and will address many issues residents have highlighted to us;

- Wheeled bins will make it easier for residents to recycle their waste;
 - The BLUE bin will be for your glass, cans and mixed plastics
 - The BROWN bin will be for your paper, cardboard and waxed cartons
- The bins will be emptied from where you currently present your grey wheeled bin for collection. For most terraced properties, this will now mean back street collections.
- Wheeled bins will reduce any recycling blowing around the street on windy collection days. They are easier to move for residents and safer for our collection crews.
- Implementing wheeled bins has allowed the Council to standardise its whole waste collection fleet during the normal vehicle replacement programme.

For properties in the **North** of the Borough, the new recycling collection service (starting with your BLUE wheeled bin) will commence from 7:30am on **Monday 18 June**.

For properties in the **South** of the Borough the new recycling collection service (starting with your BLUE wheeled bin) will commence from 7:30am on **Monday 9 July**.

Enclosed is a collection calendar to get you started and shows if you are North or South. See the enclosed leaflet and Frequently Asked Questions sheet for more details about the new service.

We hope you continue to enjoy the benefits of recycling and helping us to achieve our recycling targets. Remember every can, glass bottle, newspaper, piece of cardboard, plastic container recycled in the new bins also helps reduce our waste disposal costs.

If you would like the Council to recycle your sacks and/or box then please leave them next to your **BLUE** bin on your **FIRST** new recycling collection day.

If you need any further advice please contact the Council by Email: enquiries@hyndburnbc.gov.uk or Tel: 01254 388 111

Kind Regards,
The Environmental Services Team
